Intermediate Computer Science
Superior College
2021 - 2023

EXPERTISE

JavaScript

React

React Native

APP DEVELOPEMENT

LANGUAGE

English

Urdu

WORK EXPERIENCE

○ May 2024 - Present
HazelSoft | Abu Bakar Block Town, Lahore, Pakistan
React Native Developer

At HazelSoft, I engineer cross-platform mobile apps with React Native, delivering scalable iOS/Android solutions. My expertise includes architecting Redux state management, optimizing performance via native modules, and building intuitive UIs aligned with React principles. I focus on maintainable codebases and seamless UX while occasionally contributing to backend systems for full-stack feature implementation. At HazelSoft, I engineer cross-platform mobile apps with React Native, delivering scalable iOS/Android solutions.
